

NexgenRx Privacy Statement

We have established the following Privacy Guidelines to govern the actions of NexgenRx, our employees, and our agents and subcontractors as they relate to the collection, use, retention and disclosure of personal information.

Personal information: We at NexgenRx™ Inc. are acutely aware of and sensitive to the privacy concerns of our clients and visitors to our website. Whether you are a customer of our various products and services or a visitor to our site, we assure you that we do not collect personal information from you unless you provide it to us. You may be asked to provide certain personal information. Please note, however, that we are asking for this information for the limited purposes of authenticating your identity and managing your benefit plan with us. You should be assured that we do not provide or sell personal information about our clients or site visitors to third parties that are not involved in NexgenRx Inc.'s plan management.

Commitment to Data Security: Your personal identifiable information is kept secure. Only authorized employees, agents and contractors (who have agreed to keep information secure and confidential) have access to this information. We may share information with governmental agencies or other companies assisting us in fraud prevention or investigation when:

1. permitted or required by law; or,
2. trying to protect against or prevent actual or potential fraud or unauthorized transactions; or,
3. investigating fraud which has already taken place.

By submitting your data you agree to this use.

Security: Because NexgenRx™ Inc. respects your privacy, we have purchased an SSL (Secure Socket Layer) Certificate from GeoTrust consisting of a public key and a private key. The public key is used to encrypt information and the private key is used to decipher it. When a browser points to a secured domain, a secure sockets layer handshake authenticates the server and the client and establishes an encryption method and a unique session key to allow a secure session that guarantees message privacy and message integrity.

Automatically collected information: A NexgenRx web visitors' IP address is automatically collected by our web server software. We use the IP address to help diagnose problems with our server and to administer our Web site.

Cookies: NexgenRx™ Inc. may use "cookie" or related technology in order to track usage of this web site, and in order to monitor or improve the services that we provide. We may also use cookies to deliver content. You can refuse cookies by turning them off your browser.

External links: NexgenRx's site may contain links to other sites. NexgenRx™ Inc. is not responsible for the privacy policies, privacy practices or the content of such websites.

Information Collection and Retention: NexgenRx will only collect personal information that is required to enable us to complete the services that we have been contracted to provide.

The length of time that we retain personal information may vary depending on the product or service that we have been contracted to provide. The retention of personal information for a specific length of time may be required by law. NexgenRx will only retain personal information for as long as it is needed for the identified purposes or as required by law.

When personal information is utilized, retained or destroyed, NexgenRx uses appropriate safeguards to prevent unauthorized parties from gaining access to the information.

An individual may, upon reasonable written notice, withdraw his/her permission to NexgenRx to collect, use or disclose his/her personal information. NexgenRx will comply with this request, subject to legal and contractual restrictions.

Personal Access: Upon request, NexgenRx shall make available to an eligible benefit plan participant the personal information maintained in our files relative to this individual, subject to any applicable legal or ethical prohibition or privilege. Personal medical information will only be made available through an appropriate healthcare professional.

Opportunity to Correct: Any individual has the opportunity to request that we correct or clarify personal information that we have retained for that individual. NexgenRx shall correct or amend the individual's information to the extent that the original information was incorrect.

Inquiry: Any privacy-related inquiry including the source, collection, use or retention of information may be made by contacting NexgenRx's Privacy Officer. The Privacy Officer will investigate all inquiries and complaints. If a complaint is justified, we will take appropriate steps to correct the situation, including changing our policies and procedures if necessary.

For more information, please contact NexgenRx's Privacy Officer by email at privacy@nexgenrx.com or by mail at:
