Signature of Patient/ Legal Guardian: _____		Date (dd/mm/yy): _____

Section 2: To be completed by Physician

Drug Name & Strength:	DIN:	Dosage Instructions:
-----------------------	------	----------------------

Eligibility for drug coverage is dependent upon the patient meeting at least one of the qualifying criteria listed below. If the patient has another drug plan, prior authorization may cover some or all of the excess not paid by the primary plan.

Please indicate if the patient meets one of the following qualifying criteria for drug coverage:

- Adults and adolescents (12 years of age and above) with moderate to severe persistent asthma who have a positive skin test or *in vitro* reactivity to a perennial aeroallergen and whose symptoms are inadequately controlled with inhaled corticosteroids. XOLAIR[®] has been shown to significantly decrease the incidence of asthma exacerbations and improve control of asthma symptoms in these patients.
- Adults and adolescents (12 years of age and above) with chronic idiopathic urticaria (CIU) who remain symptomatic despite H1antihistamine treatment.
- Pediatric patients (6 years of age and above) with moderate to severe persistent asthma who have positive skin test or *in vitro* reactivity to a perennial aeroallergen and whose symptoms are inadequately controlled with inhaled corticosteroids.
- Children (6 to <12 years of age): XOLAIR[®], used as add-on therapy, has been shown to significantly decrease asthma exacerbation rates in children who are inadequately controlled and have a documented history of exacerbation.
